

THE OXFORD EDITION OF BLACKSTONE

Commentaries on the Laws of England: Book I, II, III, and IV

SAVE
30%

Sir William Blackstone (1723-1780) was a prominent public figure in the eighteenth century. The *Commentaries* published in eight editions in his lifetime, and a posthumous ninth edition in 1783.

Edited by Wilfrid Prest - Professor Emeritus of Law and History at the University of Adelaide.

Oxford's variorum edition of William Blackstone's seminal treatise on the common law of England and Wales offers the definitive account of the *Commentaries*' development in a modern format. For the first time it is possible to trace the evolution of English law and Blackstone's thought through the eight editions of Blackstone's lifetime, and the authorial corrections of the posthumous ninth edition. Introductions by the general editor and the volume editors set the *Commentaries* in their historical context, examining Blackstone's distinctive view of the common law, and editorial notes throughout the four volumes assist the modern reader in understanding this key text in the Anglo-American common law tradition.

KEY FEATURES

- The definitive version of this classic text of Anglo-American law, available to purchase in a four volume set
- Detailed varia trace the evolution of Blackstone's thought through the first nine editions
- Editorial introductions detail Blackstone's distinctive view of the common law in its historical context
- Descriptive notes assist the modern reader in understanding the text, and the pagination of the first edition has been retained for easy cross-referencing
